WEBFLOW · FRAMER · ASTRO · GSAP

Open to full-time & part-time roles

Angelico John Rago

Web Designer & Developer | Webflow, Framer, Astro

Webflow and Framer sites built fast with AI, checked by hand. I take a brief or a Figma file to a live, SEO-ready site with clean CMS structure, then keep improving it.

Let's talk

AJ Rago

4+ years shipping Webflow & Framer

40+ websites built and launched

90→98 Lighthouse score after a Framer speed fix

UTC+8 remote, async-friendly, overlaps AU & US

Work EXPERIENCE

Aug 2026 – Present — **ProjectOne** NOW · Chilliwack, BC, Canada
Framer Expert Developer

- Built approved designs in Framer as polished, responsive, production-ready pages
- Used AI-assisted development for faster builds, custom interactions and problem-solving
- Ongoing updates, responsive refinements and functionality improvements

Jun 2025 – Present — **KHULA Studio** NOW · Canada · Remote
Webflow & Framer Developer

- Build and maintain responsive, production-ready Webflow and Framer websites for international clients, working with designers, project managers and stakeholders on launches, redesigns and Framer migrations
- Translate Figma designs into reusable components, structured CMS collections and scalable design systems
- Build custom animations and interactions with GSAP, JavaScript and platform-native interactions
- Implement technical SEO, JSON-LD structured data, accessibility and performance optimizations
- Diagnosed a slow Framer page with Claude Code: two SVG avatars hid 1.3 MB photos. Swapped in 192px JPEGs, cutting 2.6 MB; **desktop Lighthouse rose from 90 to 98** on before/after runs

Nov 2024 – Mar 2025 — **Fluidic B2B Marketing Agency** · Australia
Webflow Developer & Web Designer

Aug 2023 – May 2025 — **Brylliant Solutions** · Davao, Philippines
Webflow Developer

Jan 2023 – Dec 2024 — **Fleming Wilde** · Canada
UI/UX Designer & Webflow Developer
